COUNTY COMMISSIONERS PROPOSE TO REALLY MAKE WEST STREET STRAIGHT

Disregarding the right-of-way and easement obtained from Mrs Nina Fay, by the Town of Wilmington for use for a water main, off West Street, the Middlesex County Commissioners have proposed a plan which is carried out would make West Street practically straight, from John Elia's Busy Corner to Woburn Street.

As proposed by the Commissioners, the street would be 50 feet wide. It would cut off a portion of the curve of West Street between Westdale Avenue and Lowell Street, then travel behind the home of Morris Spellman, crossing the present West Street so as to cut the big curve not as the Wilmington Selectmen have proposed, but about 100 feet further east.

The new street, as proposed would continue straight through Larry Foley's apple orchard, and rejoin the present West Street near the present corner of Grove St.

The proposal is then to travel in a straight line to Woburn Street, cutting off the two curves between Foley's home and Woburn Street.

The Wilmington Selectmen discussed the proposal, in executive session Monday evening. So far there has been no report of what was said.

The birthday party is to be a regular open meeting, with speakers and refreshments.

SIMPLEX WIRE AND CABLE COMPANY MAKES DONATION TO CAMP FORTY ACRES

The Simplex Wire & Cable Company of Cambridge (the company that made the first trans Atlantic cable) has donated 1500 feet of cable to Camp Forty Acres, for the purpose of transmitting energy, for a proposed electric light system at the Wilmington Youth Camp.

Simplex is the company which manufactured the greater part of the trans-Atlantic and trans-Pacific telephone cables now in use.

The donation was made through the good efforts of Thomas H. Marsh, of Glen Road, an official of the firm.

At the time of the donation the Camp Forty Acres officials were about to purchase a 250 watt generator, but the purchase could not be made, and they are still seeking one.

Speaking for his firm, Mr Marsh stated that the company hoped that others could follow suit, and make donations to this non-profit camp, for by aiding the youth of a municipality the place becomes a better place to live in.

BIDS TO BE ASKED FOR GLEN ROAD SCHOOL THIS WEEKEND

Bids will be asked, this weekend, for contracts for the building of the new school off Glen Road.

Meeting Monday night, in the Roman House, the School Building Committee decided to ask for bids this week end, and then to ask the Selectmen to call a Special Town Meeting.

The request for the Special Town Meeting will be made of the Board of Selectmen next week in the belief that none of the bids will be low enough to allow the school to be built.

The bids will be returnable in the middle of October, and if the School Building Committee finds that they do not have enough money they will then be in a position to go to the town and ask for more, having factual information on the costs of the proposed school.

Because the bids have to be accepted or rejected within 30 days the School Building Committee has decided on the request for the Special Town Meeting. They point out that in the event no additional money is needed the meeting can be cancelled, while if more is needed it can be obtained in time to hold the lowest contract in force.

IMPROVEMENTS PLANNED FOR BALLARDVALE STREET BY SELECTMEN

Residents Storm Town Hall
Improvements for Ballardvale Street, consisting of brush cutting, street widening and police protection were planned by the Selectmen.

Terming themselves 'really fed up' 10 Ballardvale Street residents stormed the Board of Selectmen's meeting Monday demanding that some action be taken to improve conditions on the street.

Philip S Parks, who acted as principal spokesman told the Selectmen that gravel trucks operating from two pits on the street come into conflict with school buses, and that a dangerous condition exists because the street is too narrow and because further it has a lot of brush on both sides that further restricts vision.

He asked that the brush be cut, and that the existing sand, left over from winter sanding operations be pushed over so as to construct shoulders on both sides of the street. In some places, Parks said, three feet could be added to both sides of the street if this were done.

Parks and others also told the Selectmen that the gravel

READING LIGHT TO PROTEST EDISON INCREASE

Again referring to the Reading Chronicle we
note that the Reading Municipal Light Depart-
ment, last week issued a public statement that
says, in effect, that the proposed increase in
rates for the Boston Edison will cost the Read-
ing Municipal Light \$50,000 a year.

The Light Department has already filed op-
position to the proposed increase, which will
be discussed at a public hearing to be held by
the State Department of Public Utilities on Oct
23rd.

Gilbert N. Stanford, of the Reading Light,
was quoted by the Chronicle as saying that he
estimates the effect on Reading's Light Company
will be a 5% increase, and not a 2½ as had
been publicized at the time of the filing of
the new rates by Edison.

He was further quoted as saying that the
Reading Municipal Light had had to take three
increases since 1918, instead of only one, as
was apparently said elsewhere. His personal op-
inion, according to the Chronicle was that a
new rate would eventually have to be allowed,
and that the Reading Light Company must prepare
for it. He hoped that a thorough study of the
operations of the Reading Light Company could
lead to an absorption of the additional costs,
rather than have to pass the extra costs on to
the consumers.

IMMORTALITY MAY YET SHINE ON FRANK HAGERTY

Every figure in public life may be assumed
to have the hope that some object within his
chosen bailiwick - a school - a playground - a
street, will some day be named for him and that
he might by this means gain a species of immor-
tality.

Selectman Francis J. Hagerty, if he has such

a dream moved one step closer to it last Monday
night.

Readers of this paper may remember that some
months ago we published a cartoon (?) showing a
first aid station on Adams Street Extension, al-
so known as Roman Way. The cartoon was a report
on a more or less facetious remark of Mr Hager-
ty in the Selectmen's meeting. Hagerty was try-
ing to point out the dangers of a very bad
that exists on the street, near the Parker
Street end of it.

Monday night the Town Manager exhibited a pre-
liminary plan of a new curve, not so sharp,
which is proposed by the Town Engineer. It
would, with no doubt whatsoever, reduce the
dangers at this point.

The TM wants to call it Hagerty's Curve.

A DUBIOUS DISTINCTION

By

Out of the Corner of His Mouth

People should read more. That's what I al-
ways say, and I am not necessarily referring to
the Daily Telegraph, or the racing forms in any
other paper.

As a tax payer in this town, and in this
Commonwealth I am very keenly interested in
what happens to my money. Of course I don't pay
the kind of taxes that some people pay - in
fact I am the kind of fellow that Herb Barrows
would call a "\$2 Taxpayer", meaning that I get
hit every year for my poll tax, and that's all
as far as the Town of Wilmington is concerned.
But Herb should remember that the Commonwealth
of Massachusetts takes a considerable bite out
of the money that is bet at the races, and I
feel that I do my share of bearing the Common-
wealth's burden in that respect.

Anyway, in the past week I have been reading
two stories, one that appeared in the Reader's
Digest, and the other in the US News.

Reader's Digest, for my money, ought to be
called the Moron's Monthly. It is a magazine
that always proves that Red Blooded Americans
are the Salt of the Earth. The people who pick
the stories for that magazine must have been
inoculated by the pen that wrote the Horatio
Alger stories of happy memory. But it has a
good article on why school costs (construction)
are so high.

But it was the table of costs in the US News
that caught my eye.

Do you know that Massachusetts has the du-
bious distinction of having the highest cost
for school construction of any state in the
nation?

US News made a tabulation of costs per pupil
just for construction of schools. Massachusetts
pays \$1845 per pupil. The next highest is Conn-
ecticut, \$1691, Rhode Island is third at \$1625,
New Jersey fourth at \$1579, Minnesota fifth at
\$1558 and Pennsylvania sixth at \$1539.

And just to compare with some other states
with a similar climate, Maine pays \$878, New
Hampshire \$977, Vermont \$965, Indiana \$985 and
Oregon \$965.

THE HIGHER THINGS IN LIFE

There are many people who have coldbloodedly
welcomed AVCO to Wilmington because of the mo-
nies that may be expected to be rung into the
town till, in the form of taxes.

To hard pressed citizenry such a thought is
indeed pleasant.

But there is another aspect of this organi-
zation which should please at least a few of
our residents - we are speaking of the cultural
aspects of AVCO.

TOWN NOTES

Weather

It was 91 degrees at the
Browns Crossing Pumping Sta-
tion at 4 pm last Friday - the
hottest Sept. 13th on record.

Half an hour later the temp-
erature had dropped to 76, a
drop of 15 degrees, which of
course was part of the thunder
storm that passed over the
town at that time. It brought
us .43 inches of rain, welcome
water.

The total for the week was
.44 inches.

Fall Colors

The trees are beginning to
show their colors now, as fall
nears us day by day. The hick-
ory trees, always one of the
first to turn, can be spotted
by their yellow leaves, while
the swamp maples are showing
hues of red. Still green are
the sugar and Norway maples,
but they will shortly be turn-
ing to a golden hue, one of
the most beautiful.

It's all part of the annual
miracle of the fall season.

Epicurean Bargains

Maybe Wilmington isn't an Epi-
curean Town, taken as a whole,
but the people of this town
know when they see a bargain in
good eating.

Stevens Supermarket, last Fri-
day, bought 1100 live lobsters
for the weekend sales in that
store.

The lobsters were all gone be-
fore the day was over, and prob-
ably all eaten before the even-
ing was finished.

The Happiest Gal

The happiest girl in Wilming-
ton, last Monday evening was
Mrs. Sylvia Stanley, acting
Town Clerk.

Mrs Stanley is a regular
clerk for the Water Department
and the additional duties as
acting Town Clerk made her a
very busy woman. She was gene-
rally the first employee to ar-
rive, in the morning, and the
last to leave in the evening
during her tenure of double
duty.

The news of the appointment
of Mrs Russell as Town Clerk
took a tremendous load off the
shoulders of Mrs. Stanley.

Fishing

Charlie Fuller, 16 year old
son of Officer George Fuller
pulled a 19½ inch pickerel
from Silver Lake last Friday
afternoon. He was fishing from
Main Street, opposite Steven's
Supermarket.

We hear that Frank McLean of
Salem St outdid all the other
members of the deep sea fish-
ing party of the Methodist
Churches of So Tewksbury and
Wilmington. Among the young
people on the trip Earl Hub-
bard, Jr showed all the rest
up, and John Ingalls of Grove

The president of AVCO Research and Development, Dr. Lloyd Smith, is a former University Dean. So, it must be remarked, is Mr. Kantrowicz, one of the leading men in the organization. Both have a background which includes a tremendous respect for education and the arts.

Dr. Kantrowicz is currently giving a series of lectures at the Massachusetts Institute of Technology. Regionally, Massachusetts has gained in this respect.

AVCO is interested in education. It has its own program for improving its personnel, a university within the plant, so as to speak. And there have been rumors that their interest in education will extend beyond their own walls, once they are located in their Wilmington plant.

All of which brings us up to the moment. We have just learned that, included in the cultural activities of AVCO is a drama club, and the club is now rehearsing "Summer and Smoke" by Tennessee Williams.

John H. Douglas, New York Stage Director has been imported to Lawrence, to direct the players. He also takes part in the play.

The play, of course, will be performed in Lawrence, and is being hailed as an event in the theatrical life of that town.

It is this aspect which, we think, should please some of our citizens. At least we hope it will.

Culturally we are not very much, in Wilmington, but with an organization like AVCO, interested in education and the arts moving into Wilmington we may still have our hopes.

TOWN NOTES (cont. fr. Pg. 2)

Ave hooked the biggest, a healthy looking pollock. The only shark for the day was landed by John Carter, but John had to throw him back.

A Tough Old Dog

We choose to tell this story in Town Notes because we have not been able to check the details for accuracy - we believe the story to be true, but we don't know for sure.

Last Sunday the Dog Officer, Leo LeBlanc met a dog that he will probably never forget. It was a German Shepard, we are told, and a mighty brute too.

The dog, we are told, attacked a cow belonging to Joe Yentile. We are told that Joe lost, in effect, \$400 because of the attack.

Mr LeBlanc was called, and captured the beast with the aid of a long stiff handled noose that dog catchers use.

The dog was taken to the temporary pound, up on the Canales place, up on McDonald Road.

Ventura Canales has several dogs, and two of them, both German Shepards, we are told advanced to the attack when the strange dog showed up.

JOHN H. DOUGLAS

In spite of the fact that the dog was in the trick noose that Leo was using he subdued both the home-town animals. The last we heard the strange dog had both the Canales dogs on their back, with a paw on the chest of each dog.

WINDSHIELD BROKEN BY STONE FALLING FROM GRAVEL TRUCK

The windshield of a car owned and operated by Helen Cashman, 75 Kenner Road, Medford was broken, Tuesday morning, while she was driving on Boutwell St. A stone which fell off a passing gravel truck caused the damage.

WILMINGTON GRANGE FAIR

Members of the 4-H displayed their handiwork at the Grange Fair this year. Andrew White received a blue ribbon for his beautiful hooked rug. Mary Hartnett and Janice Mazza both got blue ribbons for their beaded shirts and coulettes.

In the knitting division Mary Hartnett received the blue ribbon for her sleeveless men's sweater; Roberta Zaccagnini received the red ribbon for her pair of mittens; and

Dianne Mortelliti got the yellow ribbon for her boys sleeveless sweater.

In the crocheting division Dianne Mortelliti received the blue ribbon, Virginia Babine received the red ribbon, Nancy Cutter received the yellow ribbon. All three girls made and exhibited crocheted stoles.

In the craft division Dianne Mortelliti received the blue ribbon and Francis Mortelliti took the red ribbon for the horse serapes they made.

HIGH SCHOOL YARD IS HOT RODS HEAVEN, SAYS HAGERTY

Selectman Francis J. Hagerty, Monday night reported that he is getting complaints from residents of Church Street about youngsters going in to the High School parking yard during evening and night hours to hold a 'hot rod session'.

He also received complaints, he said, the school students leaving the parking yard after school drive out at an excessive rate of speed, without regard for passing cars or pedestrians.

NEW OPENINGS FOR SCHOOL TRAFFIC PATROL SUPERVISORS

A new list of School Traffic Patrol Supervisors is to be compiled, according to an announcement this week by TM Joseph Courtney. Applications are available at the Town Manager's office. The date of the written examination is to be announced later.

Applicants must be married, under age 40, and mother of at least one child.

SELECTMEN ADVISED TO WAIT BEFORE PROTESTING NEW INSURANCE RATES

The Board of Selectmen have been advised by Waldo Stevens, Wilmington Water Commissioner and a man who is affiliated with the State Insurance Rating Bureau, to wait until the State Insurance Commissioner

has set the rates before protesting any increase.

After that, Stevens told the Board, through Chairman Nick De Felice, if the Selectmen find the rates to be unreasonable, is the time to protest.

CARD OF THANKS

The family of the late Mrs Ethel M. Lynch wish to express their deep gratitude for the many kindnesses and expressions of sympathy given them during their recent bereavement. Our appreciation also goes to the Police Departments of Wilmington and Woburn for their assistance.

VISITED BAY OF FUNDY

Mr and Mrs Frank McLean of Salem Street and Mr and Mrs Willard Stantial of Gunderson Road have returned after spending a week visiting in the Bay of Fundy area of Canada.

WE LIKE A LITTLE HUMOR TOO

Congratulations are due to the Reading Chronicle, and Bill Bishop, reporter for that paper for having an excellent sense of humor, as was evidenced in a front page story in that paper last week. With the permission of that paper we are reproducing that story in its entirety, so that others may share our chuckles. We will be waiting, too, for further news on this great event, for if our guess is correct, Bill Bishop is not the kind of fellow to let a good thing like this die.

Official Threatens To Sue Town; Claims Boycotted From Local Rodeo

Downtown Readingites harked back to days of yore on Tuesday afternoon when a runaway horse dashed through local streets. The good beast was finally captured near the depot after leading an assortment of firemen, Board of Public Works employees, town officials, and well-meaning private citizens on a merry chase through heavily trafficked streets. The horse was apparently uninjured by the adventure. He allegedly started his escapade by breaking through a fence surrounding a veterinarian's establishment just over the Wakefield line.

It appears probable that the apparently innocent appearing incident may have serious local political repercussions. Ronald A. Winslow, who received his appointment as a town field driver this past spring, was violently upset when interviewed by a Chronicle reporter immediately following the equine trespass.

Mr. Winslow condemned the action of the various citizens involved in the incident as infringing on the duties of his office. He pointed out that he received his appointment from the Board of Selectmen under Chap. 19, Section 16 of the General Laws passed in 1836 which specifies that "the field driver shall take up, at any time swine, sheep, cattle, horses,

asses, etc. going at large in the town ways".

He also pointed out that a previous General Law passed in 1834 entitles him to a fee of 50c per head for animals taken up by him and impounded under the provisions of Chap. 113, Section 1 passed in 1788.

The usually genial Mr. Winslow trembled with righteous indignation as he shouted that he had been deprived of his legal source of income. He logically pointed out that he has served in his present office since March without having had the opportunity of im-

pounding so much as a vagrant pig. He observed that he could very well serve out the balance of his term without again being presented with the opportunity that was afforded him on Tuesday afternoon.

Field Driver Winslow admitted to being in the position of seeking advice of counsel before taking positive action, but did give some insight as to what course he may follow in seeking redress for the affront committed against him on Tuesday.

He said, "The capture of the escaped beast was clearly a job for a professional. It's a wonder that those clowns acting as would-be cowboys didn't get hurt and cause innocent bystanders to become injured — furthermore I want my 50c. It's not the principle of the thing; it's the money involved".

The usually benign Mr. Winslow heatedly asserted that he believed he could sue the Board of Selectmen for triple damages and was searching for an attorney who would take his case for a small percentage of the potential \$1.50 award.

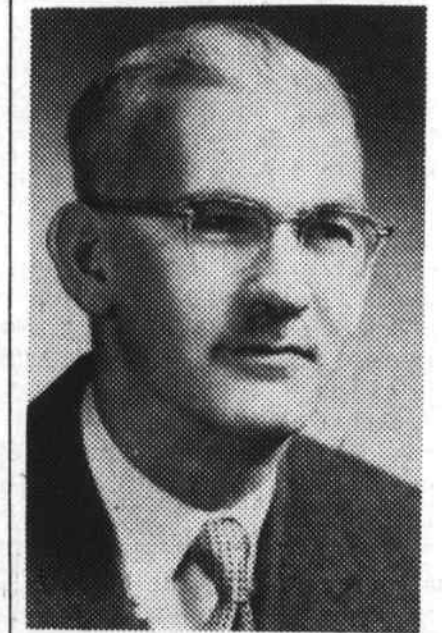

Members of the Board of Selectmen contacted Tuesday night refused to comment on the incident or on Winslow's statements. One informed local sage expressed doubt as to the solidity of Winslow's position, pointing out that under the 1836 statute the field driver

is supposed to be appointed by town meeting and that the Selectmen had usurped the meeting's power by having illegally made the appointment.

One private citizen expressed the opinion that Winslow would have been unable to catch the horse had he been given the opportunity. His exact words were, "Winslow couldn't catch the measles". He also pointed out that for a field driver to collect his fee it is necessary to impound loose animals, and that Winslow has been derelict in his duty in that he has not yet provided a public pound.

Another more observing character who is apparently a shrewd judge of human nature remarked, "For 50c Winslow would have impounded the horse behind his soda fountain."

A lengthy and bitter battle appears to be shaping up in the case of Winslow vs. the Town of Reading. Habitues of Winslow's Corner are choosing up sides. There are no neutrals.

POLICE SHOULD BE CALLED, NOT THE SELECTMAN, SAYS DE FELICE

Chairman Nick De Felice, of the Board of Selectmen spoke up on the habit of many people of Wilmington calling Selectmen, rather than the Police Department, when wrong-doing is occurring or suspected. Mr. De Felice, during the Selectmen's meeting Monday evening deplored what is, he believes, to be a growing habit.

Pointing out that even if the message is promptly transmitted time is lost, and that generally speaking no one hears of the event until next Selectmen's meeting, De Felice declared that the Police Dept. is the proper party to be called, in any event needing police work.

Dorothy Hersom, 10 year old daughter of Mr and Mrs Roy Hersom escaped with only minor injuries, on Sept. 10th when her pony bolted in front of a passing automobile, in front of her home.

BUS ACCIDENT ON BALLARDVALE STREET

A bus owned by the McIntyre Transportation, and a truck owned by the Rich Trucking Company of Wilmington collided on Ballardvale Street, Thursday afternoon, Sept 5th., but without any injury to either driver. There were no passengers in the bus, one of the regular school buses of Wilmington, at the time of the accident.

Witnesses said that both vehicles were traveling about 10 miles an hour at the time of the accident. Both vehicles are about 10 feet wide, and the highway is about 18 feet wide at the point of the collision.

The bus had to be towed away, but the truck was able to be driven off after an inspection to ensure that it was in safe operating condition.

FIRST GRADE STUDENTS ARE AVERAGING ABOUT 30 TO A CLASSROOM

As the result of transfers made by the School Department during the past week Wilmingtons overflowing first graders find themselves in relatively uncrowded classrooms, with an average of slightly over 30 pupils to each classroom.

Superintendent of Schools John Collins has stated that the most important year of a child's school life is his first one - if he can get his instruction without too much competition he can be well grounded for his future school years.

A week ago there were 97 pupils in the first grade, in two rooms in the Walker School. Today these same pupils are in three classrooms, one of the Buzzell School.

In order to do this the Remedial Teacher, Miss Marshall, in the High School was transferred to one of the conference rooms. Then a sixth grade class was transferred to the High School from the Swain School, and a third grade class from the Buzzell School to the Swain School.

This left one room vacant in the Buzzell School, to which the excess first graders were transferred.

There are now 333 first grade pupils in 11 classrooms in the Wilmington Public Schools.

CDA TO HOLD ANNIVERSARY BANQUET IN NOVEMBER

At the CDA meeting held at Villanova Hall on Monday, Sept 9, it was voted to hold their anniversary banquet on Nov 10. Inasmuch as it is the tenth birthday of the Court, it will be a special affair and it is hoped that all members and their friends will attend. Mrs George DeLisle is chairman and will have a meeting of her committee to complete plans, very shortly.

Hold that date open! Nov 10.

ASIATIC FLU INOCULATIONS

(cont. fr. Fr. Pg.)

Asiatic Influenza serum.

About 400 employees, including all the School Department are involved.

Tentative plans call for the establishment of one or more clinics in late October, during which the serum will be administered.

400 cubic centimeters of the vaccine will have to be purchased, at an as yet unknown price, the Board of Health has advised the Selectmen. In addition it will cost about \$25

to operate a clinic, with a proportionately greater cost if more than one clinic will be necessary.

Patrick Thibau, Town Sanitarian, told the Selectmen that the State Department of Health considers it essential for public employees and school teachers to be protected against the threatened epidemic. No exact costs were available and the Board of Health was told to find out the costs and then advise the Selectmen. About \$70 is available in the current budget of the Board of Health for such a program, a sum of money that will be insufficient, Thibau stated.

IMPROVEMENTS PLANNED

(cont. fr. Fr. Pg.)

trucks come overloaded from the two pits off Ballardvale Street, and spill gravel all over the place, adding to the hazards of driving, and to the dangers to school children who must use the street.

Mr. Parks' relation of the troubles of Ballardvale Street was not a solo performance. While he was talking the other persons, 10 of them, kept adding their thoughts.

Among the things wanted was regulation of the gravel trucks, and some signs asking motorists to go slow because of the children.

TM Courtney explained the proposal of the Massachusetts Department of Public Works plans for relocation of Route 28, and what this would do to Ballardvale Street - i.e. make it a dead end near the home of Bob Evans. This was so that the residents of the street would

realize the plans, if they were planning a protest to the state.

Chairman Nick De Felice called the Chief of Police, who promised cooperation of his department towards the slowing down of trucks on the street.

IMPROVEMENTS PLANNED

(cont. fr. Fr. Pg.)

trucks come overloaded from the two pits off Ballardvale Street, and spill gravel all over the place, adding to the hazards of driving, and to the dangers to school children who must use the street.

Mr. Parks' relation of the troubles of Ballardvale Street was not a solo performance. While he was talking the other persons, 10 of them, kept adding their thoughts.

Among the things wanted was regulation of the gravel trucks, and some signs asking motorists to go slow because of the children.

TM Courtney explained the proposal of the Massachusetts Department of Public Works plans for relocation of Route 28, and what this would do to Ballardvale Street - i.e. make it a dead end near the home of Bob Evans. This was so that the residents of the street would

realize the plans, if they were planning a protest to the state.

Chairman Nick De Felice called the Chief of Police, who promised cooperation of his department towards the slowing down of trucks on the street.

NEW GUIDANCE DIRECTOR IS THOROUGHLY GROUNDED IN HIS SPECIALTY

John Hamilton, Millbury Mass. native, the new Guidance Director of Wilmington High School is a man who has thoroughly studied his chosen avocation.

He is certified for Psychological testing, organization and administration of guidance services, and during his graduate studies took up such subjects as 'Principals, Tests and Measurements for Guidance in Secondary Schools', 'Techniques of Counseling' and 'Group Guidance'.

His last year was spent in the School of Commerce, in Worcester, which he left to come to Wilmington, preferring, as he has stated, a smaller town.

Prior to that he taught for two years at Gilbertville High School, in Gilbertville, NY.

He took an active interest in school activities, while at Gilbertville, and was President of the Parent Teachers Association.

WILMINGTON LAUDED BY PAROLE SUPERVISOR

Wilmington is a good place to live, foresighted in town planning, schools, and in prevention of juvenile delinquency,

said District Supervisor of Parole Burns in speaking before an audience of over a hundred at the first meeting of the Wilmington Parent Teachers Association Tuesday night.

In a straight-from-the-shoulder talk, enlivened by light and gentle humor, Mr Burns urged parents to stick to old-fashioned virtues, be unafraid to say 'No' to children.

'How many nights a week should my teen-ager be allowed out?' I am asked. I say to the parent, 'Is he in college yet? No? Then he doesn't go out! If chores are all done, homework all done, then should he go out? No, he's a growing boy. He should go to bed.'

He advocated understanding the child, but not condoning wrong-doing, help in choosing suitable clothing, church attendance, adhering to the Ten Commandments, being firm in saying 'no' in face of rebellion from adolescent--'he needs that firmness from you. Sometimes you have to be a stinker to be a parent.'

Sergeant Imbimbo, Juvenile Officer of the Wilmington Police explained what happens when a boy gets into trouble because of vandalism or petty larceny, the effort made to prevent a first offender from continuing on the wrong course. Ted Nichols, Jr. Parole Officer explained the work of Youth Service Board in refitting the youngster to return to the locality from which he came.

TRAVEL TIPS: At sixty miles an hour, your car uses forty per cent more gas, fifty per cent more oil, and more than double the tire wear, than at forty miles an hour. Good reasons to TAKE IT EASY. Your pocketbook will feel the difference if you do most of your driving at moderate speeds, says the AAA.

ST THOMAS' BAZAAR MEETING TONIGHT

The St. Thomas Bazaar planned for Wednesday evening will be held tonight at 8, in Villanova Hall. The meeting was postponed because of a Holy Name district meeting.

The Post Office committee is wondering what happened to all the promised packages. You do not have to go on a vacation to send a package. The committee would be most grateful for any mailed from any of the local postoffices. Please send a package (75¢ value) to Mrs Betty Licari, Boutwell St., Mrs Nadine Hanrahan, 218 Burlington Ave., Mrs Marie Harrington, 9 Amherst Road, Mrs Dorothy Shelley, 212 Ballardvale St. North Wilmington, or the Rectory.

A QUEER CHARACTER IN THE GARDEN OF EDEN

The Garden of Eden, and its adjoining Butters Row was not-

ed as the homes of quite a few people who were mildly eccentric.

One of those persons, who made 'Ripley's Believe It Or Not' about 30 years ago, was Jimmy Butters, who probably could be called Gentle Jimmy Butters.

Jimmy Butters, a great grandson of the original William was born in the Addison House, on Wood Hill, opposite the old well that still stands by the side of the road.

Jimmy did his part for his country during the Revolutionary War, marching to Lexington on Lexington Day in the company commanded by Capt. Timothy Walker of Shawsheen Ave, and later taking part in various military enterprises.

He inherited the house of his grandfather, William Butters 11, and was living there at the time that the Baldwin Apple was 'discovered'.

It was he who gave the scions of the Butters Apple to Col. Loami Baldwin of Woburn, after whom the apple was named. The tree stood in back of his home where his grandfather had planted it many years before.

Jimmy Butters married twice. With his first wife he had six children, all of whom grew to maturity.

After his first wife died, and the children were married Jimmy married again, and this was the subject of Ripley's cartoon.

Jimmy was a great man when it came to raising oxen. A span of oxen raised by him had the reputation of being the most gentle, yet the strongest of any in the nearby community.

One day, just about the turn of the century (1800) Jimmy was in South Woburn (now Winchester) seeking to sell a span of oxen.

He was approached by a man named Simeon Reed, who wanted to buy some oxen, but had no money.

But Jimmy and Simeon didn't let the lack of money make them forego a trade.

Simeon's wife, Betsey, the daughter of Nathaniel Cutler of Wilmington became a willing partner in the dicker that followed, and the result was that Simeon swapped his wife for the oxen, and Jimmy took home a new wife.

To his dying day he declared that it was the best trade he ever made.
